FOLK WILL GET A MAJORITY IN KANSAS CITY, SAYS SHANNON

Democratic Factional Leader Denies Report That Candidate for Senate Will Be Scratched.

Joseph B. Shannon, Democratic factional leader in Kansas City, and former chairman of the Democratic State Committee, when here yesterday, said political indications in Kansas City were that Joseph W. Folk, Democratic nominee for United States Senator, would win a plurality of from 7500 to 10,000.

"I don't think there is the slightest truth in rumors which have reached St. Louis that Folk will be scratched by large numbers of voters in Kansas City. The Democrats of Jackson County are going to vote the Democratic ticket, and there is sufficient interest in local politics there to bring out a big vote."

The report which had come to St. Louis was that the Pendergast faction, which is lined up with the Gardner administration, and which supported Senator Wilfley in the primary, would "throw" Folk in the election.

MISS FLYNN SUES TO ESTABLISH CLAIM AS MRS. CELLA'S HEIR

Alleges a Verbal Agreement by Which Widow of Deceased Theater Owner Adopted Her.

Mrs. Elizabeth Flynn, 18 years old, of 5543 North Market street, today filed suit to establish her claim as heir to the property of Agnes Johnson Cella, wife of Louis A. Cella, contractor, theater and hotel owner. Cella died April 23, last, leaving half of his estate to his wife, who died four days later.

In her petition, filed by her attorneys, Brown, Brown & Altman, Miss Flynn alleges there was a verbal agreement by which Mrs. Cella adopted her as her daughter when she was 12 years old. This agreement, she says, was made with her mother, Mrs. Mary Flynn.

It was agreed, the petition states, that Mrs. Cella should provide for the girl in her lifetime and should will all of her property to her. Miss Flynn alleges Mrs. Cella proposed that legal adoption papers be drawn up, but that Mrs. Flynn objected to a change of name and to a complete severance of all connection between herself and her daughter, but it was verbally understood that Miss Flynn should have the same rights as though legally adopted.

553 ST. LOUISANS REACH CAMP

Drafted Men Put in Detention at Bowie.

SPECIAL TO THE POST-DISPATCH. FOR WORTH, Tex., Oct. 23.—The first of two contingents of drafted men from St. Louis arrived at Camp Bowie last evening, and were assigned to the detention camp for medical examination. Their uniforms, kits and bedding were issued immediately. There were 553 men in the contingent.

There has been very little influenza at Camp Bowie, which has one of the best records of camps in the country for good health conditions. The men are isolated from any area where there is danger of influenza infection. Men will not be assigned to companies for a few days, so it is better for relatives and friends to refrain from writing until they hear from the men.

AIR SERVICE SEEKS MECHANICS

Major-General Kenly Urges Recruiting Officers Here to Unusual Efforts.

Major-General Kenly, Chief of the Air Service, has advised recruiting officers that unifying efforts must be made to get men, skilled and unskilled.

Great opportunities are offered students or apprentices in all mechanical work an advancement is assured as only 16 privates are used in aero squadrons. All other men are noncommissioned officers. The local recruiting office is at 619 Locust street. Examinations are conducted each day, Sunday excepted, from 8:30 a. m. to 5 p. m.

"HANK" WEEKE QUITS JOB HE HAS HELD ILLEGALLY

He Is an Enemy Alien and Had Been Commissioner of Weights and Measures Since 1917.

APPOINTED BY KIEL
AT \$3000 A YEAR

Efforts to Become Citizen Developed Scandal Resulting in Removal of Chief Young and Others.

Henry L. (Hank) Weeke, a German enemy alien and Commissioner of Weights and Measures in the Kiel administration, submitted his resignation at 5 p. m. yesterday, after illegally holding the \$3000 a year office since April 1917, and after his efforts to obtain citizenship had brought about the suspension of Police Chief Young, two Police Captains and three Sergeants on charges which are withheld from the public.

Weeke's resignation was accepted today, and Edward H. Schumann, who has been chief clerk in his office, was appointed to succeed him. Schumann lives at 2318A Montgomery street.

Mayor Kiel said Weeke's resignation was voluntary. "I would not have fired him," said the Mayor. "I kept him on the job because he had always thought he was a citizen and I believed him to be a good American. Another reason was that he was an excellent Commissioner of Weights and Measures. Weeke went to the City Counselor's office and said he wanted to resign so as not to embarrass me and my friends. I knew nothing about it until the resignation was submitted."

Mayor Kiel retained Weeke in office, though it became known on June 24 last that Weeke was an enemy alien and though opinions were given by Attorney-General McElwaine and City Counselor Dames that no elective or appointive office could legally be held by an enemy alien.

Law on the Subject. This is provided for in article 8, section 12, of the Missouri Constitution, which says: "No person shall be elected or appointed to any office in this State, civil or military, who is not a citizen of the United States and who shall not have resided in this State one year next preceding his election or appointment."

The Kiel administration stood by Weeke until charges of intimidation of witnesses in his naturalization case caused an upheaval in the Police Department and threatened to involve prominent politicians by reason of the Government's announced intention to present evidence that he is a hostile alien.

No charges of disloyalty are involved in the opposition to Weeke's naturalization. He has repeatedly said that in sentiment he is "100 per cent American."

Blair has been collecting evidence in the Weeke case here for M. R. Bevington, chief naturalization examiner.

Blair was a prisoner in the St. Louis workhouse from March 29, 1916, to May 9, 1916, following his conviction on three charges of insulting young women who work in his office in response to newspaper advertisements for a stenographer. He was fined \$50 on each of the charges in Police Court and these convictions were sustained in the Court of Criminal Correction.

In two of the cases the fines were reduced to \$5 and stayed. He was sent to the workhouse in the third case, but released on a habeas corpus writ after he had appealed to the Supreme Court and he paid \$25 and costs in this case.

Crist said Blair was one of about 100 examiners appointed last May and was recommended by a St. Louis Congressman. It is known here that this Congressman was Jacob E. Meeker, who died recently.

Statement by Bevington. In response to a request for a statement on his part in the Weeke case, Bevington today gave out the following:

"The naturalization case of Mr. Weeke, in which my office represented the United States, has been definitely set for final hearing on Dec. 6, 1918, by the United States District Court for the Eastern District of Missouri, at which time the Government's case, in full, will be presented in open court. I feel that this office must decline to discuss any phase of the Weeke case, other than to state that the Government was ready for trial when the Weeke case was first called for final hearing, that is, on Oct. 4, 1918, and that it so announced in open court at that time. Any delay in promptly disposing of this case is caused by the contribution to my office, the postponement of the hearing of said case having been requested by Mr. Weeke himself."

More Department Changes. Acting Chief of Police today transferred Capt. Seth Singleton from the Carr street to the Wyoming street district. The stated reason was that Capt. Singleton asked for the transfer on the ground that his health was not good and he needed a rest. The Carr street district will be commanded by Lieut. John Hoffman.

Sergt. Edward Lally was transferred from the Carondelet district to the detective bureau. He formerly was detailed to the Circuit Attorney's office. After being promoted to a Sergeant by a Democratic board, he was assigned to the detective bureau, but was promptly transferred to Carondelet by Chief Young. The transfer of Detective-Sergeant Ben Reeves from the detective bureau to the Dayton street station was also ordered.

325 MILLION RAISED BY RED CROSS IN WAR

Davison Reports Details of Vast Undertaking to 3854 Chapters in U. S.

By the Associated Press. NEW YORK, Oct. 23.—The American people have either paid in or pledged to the American Red Cross for its work of relief throughout the world, in money or material values, a net total of at least \$225,000,000.

The American Red Cross has a total membership of 29,648,103, and, in addition, 8,000,000 members in the Junior Red Cross; a total enrollment of more than one-fourth the population of the United States.

American Red Cross workers produced up to July 1 last a total of 221,282,838 articles of an estimated value of \$44,000,000.

About 8,000,000 women are engaged in canning work and the production of relief supplies.

The American Red Cross is distributing aid in 10 countries—the United States, England, France, Italy, Belgium, Switzerland, Palestine, Greece, Russia and Siberia. Besides, it has sent representatives to Serbia, Denmark and Madeira.

More than 5000 Americans will be working under the Red Cross in France by Jan. 1, next.

3854 Chapters in United States. These facts were laid before the 3854 chapters of the Red Cross in the annual message of the War Council of the Red Cross when the Council throughout the country today held their annual meetings to elect officers.

Announcement was made in the message that every man, woman and child in the United States would be asked at Christmas time to enroll in the American Red Cross.

Gets Five Years for Espionage. Special to the Post-Dispatch. JEFFERSON CITY, Oct. 23.—John Meyers, a German-American farmer living near Sweet Springs, pleaded guilty on three indictments under the espionage act in the Federal Court yesterday and was sentenced to five years in the penitentiary by Judge Van Valkenburg of Kansas City. Meyers is declared to have denounced the draft law and the United States for declaring war on the Kaiser.

DANDRUFF SURELY DESTROYS THE HAIR. Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—ADV.

TEXAN HEADS STATE LIFE

Any possibility of the removal of the home office of the Missouri State Life Insurance Co. from St. Louis to Texas was said yesterday by the board of directors to have been set aside by their election of Joseph S. Kendall, an investment banker of Dallas, as president, thus ending factional differences among stockholders.

The majority of the board of directors are St. Louis bankers and business men. The other officers elected are: Vice president, T. P. Lawrence; vice president and secretary, George Graham; assistant secretary, F. H. Morgan; H. V. Donnelly, M. W. Donnelly and J. J. Moriarty; Comptroller, Herman Brockman; medical director, S. B. Schell Jr.; associate medical director, A. Y. Jaudon; assistant actuary, C. O. Shepherd.

ITALIANS TREATED CRUELLY IN AUSTRIA

Starved, Beaten, Killed or Made to Work When Ill, Say Escaped Prisoners.

Correspondence of the Associated Press.
ROME, Oct. 22.—Austria's systematic and unbelievably cruel treatment of Italian war prisoners is attracting wide attention.

"No nation that respects itself would so treat human beings, nor should any nation dare lay up against itself for the future such a debt of hatred," says Henry Nelson Gay, the American historian of certain phases of the war, who has made a special investigation into the conditions and has undertaken to secure better treatment from Austria of these prisoners.

It is estimated that there are about 400,000 Italian prisoners in Austria, with somewhat less than that number of Austrian prisoners in Italy. It has even been charged in Parliament that they fare better than the Italian soldiers at the front. In many cases the skilled mechanics among them are given employment in industrial establishments and paid good wages, while the others are used on farms or in construction work. They are neither beaten nor starved and the sick or wounded are placed in hospitals.

Italians Forced to Work.
In contrast to this, Italian prisoners are forced to work for a few cents a day. They are starved, beaten, wounded or killed at the whim of any guard, and, most inhuman of all, it is charged, they are forced to work when ill. Tuberculosis often appears, and deaths follow. Thousands of sworn statements containing these facts are on file at the War and State Departments. They have been gathered from prisoners who have escaped or from those discharged.

By a convention established between the Italian and Austrian Red Cross, totally unfit prisoners are exchanged each week by way of Switzerland. Italy has received about 350 weekly.

Bodies Tell the Story.
"Thirty-five per cent of the men arrive in the advanced stages of tuberculosis," said Dr. Oswald Pollmann, the surgeon in charge. The men's bodies tell most of their story. Sometimes they tell how, taken prisoners as strong men, they were mistreated and underfed, being made to labor 15 hours a day with a ration of weak soup and one pound of bread per day to each group of 15 men. Bread sent them from home often never reaches them, or, if so, the distributing guards first steal half. When prisoners refuse to give military information after capture, they are starved and tortured and sometimes shot.

30,000 of 50,000 Serbians Said to Have Died in Bulgarian Hands.
By the Associated Press.

LONDON, Oct. 22.—The first party of 1000 British prisoners taken by the Bulgarians and liberated under the peace agreement between that country and the allies passed through Sofia yesterday en route to Saloniki, according to dispatches to the Mail from the Bulgarian capital. They reported that because of ill-treatment at the hands of the Bulgarians, 30,000 of the 50,000 Serbians in Bulgarian prison camps have died.

HOW A FORMER ST. LOUIS WOMAN FEEDS U. S. SOLDIERS NEAR PARIS

Private Writes in Praise of Work of Mme. Humann, Formerly Miss Grace Gale.

The ham and eggs and chocolate pudding at Mme. Humann's forlough house in a Paris suburb have so much of the American atmosphere about them that it keeps American boys from being homesick, according to a letter to the Post-Dispatch from Private James R. Gilmer of 14th Company, Second Regiment, Motor Mechanics Aviation Corps. Mme. Humann formerly was Miss Grace Gale of 4201 West Pine boulevard. She has lived in Paris for 12 years. Since the war started her chateau has been converted into an open house for American soldiers, and funds for its upkeep are furnished by St. Louisans.

"I want to express a little of my company's appreciation for what she is doing for us daily," writes Gilmer. "Almost all of us have been her guests many times. Believe me, if you don't know what 'slumgilion' is you would appreciate Mme. Humann's chocolate pudding, ham and eggs, chipped potatoes, potato salad and fresh fruits, and then there is the piano and plenty of home music from St. Louis. Magazines all over the place, and 'furlough men' all over the garden. And Mme. Humann knows how to keep the ball rolling."

"One woman can't make a home for the whole United States army, so if you've got any more in St. Louis like her get 'em on the job, for she's white. She's our 'buddie' and always has a grin, and Gothas, Berthas and Huns can't wipe it off. If you see your way clear to let your readers know about my letter I'd be glad to feel that I had been useful in letting them know what St. Louis is doing for us through Mme. Humann."

FUND CAMPAIGN ON DAYS SET

Influenza Not to Delay United War Work Solicitation.
NEW YORK, Oct. 22.—There will be no postponement of the United War Work Fund campaign set for Nov. 11 to 18 because of the country-wide influenza epidemic, the campaign council announced here today. The decision, reached after conference with President Wilson and officials of the War Department, held that "the disadvantages of putting off the drive outweigh the apparent advantages of any such delay."

While health regulations will prevent the holding of mass meetings in many communities, declared John R. Mott, chairman of the campaign, local leaders will be expected to devise plans to meet changed conditions and the press will be asked to lend even greater assistance than had been contemplated.

How to Save Food

In these days when the high cost of living pinches nearly every home, no waste should be overlooked. One of the most frequent and the most easily prevented, is the destruction of food by rats. One rat will often do a hundred dollars' damage of food and property in a single night, and a careful estimate gives over \$200,000,000 as the value of foodstuffs destroyed annually by these pests. Exterminate them with Stearns' Electric Paste and save this enormous loss of food. A small box of Stearns' Electric Paste costs only a few cents, and is usually enough to completely rid the house of rats and mice; also effective against cockroaches and waterbugs. ADV.

ST. LOUIS GIRL WHO IS TO MARRY SOON

MURIEL PORTRAIT

MISS ELISE BOECKELER TO WED CHICAGO MAN

Her Engagement Announced at Luncheon Today—Wedding in January.

An informal luncheon given today by Miss Elise Boeckeler, her engagement to Hugh Peterson of Chicago, was announced. Miss Boeckeler is the daughter of Mr. and Mrs. William L. Boeckeler of 5123 Washington boulevard. She was educated at Mary Institute and later attended Miss Wright's school at Bryn Mawr, Pa. She made her debut several years ago and has been one of the most admired girls in society since. She is a member of the Junior League.

Mr. Peterson is a prominent business and club man of Chicago and the wedding will take place in January. Among the guests at the luncheon were: Misses, Theron, Catlin, Audenried, Whittemore, Stuart, Stuckey, C. R. D. Meier, J. Brooks, Knight, Misses Catherine McCreery and Margaret Gale.

Social Items

MRS. PRUDENCE HUNT LUCAS of 4302 Argyle place has announced the engagement of her daughter, Miss Florence Lucas, to Devereux Robinson of New York, the marriage to take place in the near future. Miss Lucas was educated at the Sacred Heart convent and since her presentation to society four years ago has been very much admired. She is a representative, on both her maternal and paternal side, of many of the pioneer families who have been conspicuous in the social and civil history of St. Louis since its founding. Mr. Robinson is an honor graduate of the Stephens School of Technology and is an instructor of engineers at an Eastern army camp. He is a member of one of the old Knickerbocker families of New York and is prominently identified with the business and social life of that city. The wedding will be very quietly celebrated on account of the recent death of Miss Lucas' grandfather, James D. Lucas.

Mrs. Thomas M. Pierce of 21 Vandeventer place has as her guest Mrs. Beverly McKinney of Nashville, Tenn.

Mr. and Mrs. Arthur H. Gale of 4301 West Pine boulevard have announced that the plans for the wedding of their daughter, Miss Margaret Van Buren Gale, to John H. Hendrix, which was to have been celebrated at St. Peter's Church on next Saturday afternoon, have been obliged to be changed on account of the epidemic regulations, and the marriage will take place very quietly at their residence with only the members of the family present.

Mr. and Mrs. Frank L. Scott of 5388 Pershing avenue have received word of the promotion of their son, Lieut. Frank L. Scott Jr., to a captaincy. Capt. Scott is stationed at Camp Devens, Mass., in the Forty-second Infantry, U. S. A. His wife who was Miss Jessamine Price, a bride of last June, is with him.

Several informal entertainments have been given in honor of Mrs. Rodie Smith of California, formerly Miss Reba Stone of St. Louis, who is the guest of Mrs. Edgar P. Withrow of 18 North Taylor avenue.

Miss Lucile Le Bourgcois Walther of 764 Clara avenue returned Sunday from an extended visit in the East.

The marriage of Miss Florence O'Neill, daughter of Mrs. Julia O'Neill of 4227 Parkview place, to George W. Axmacher of New York City will be celebrated this afternoon at 4:30 o'clock at the parochial residence of the Rev. Father Francis Giffill of the New Cathedral. Only the relatives and a few intimate friends will be present and the ceremony will be followed by a bridal dinner at the residence of the bride's mother. Miss Jane McHugh will be maid of honor and Julius Schmitt will serve as best man. After a honeymoon trip Mrs. Axmacher will

take his bride to New York to reside.

Miss Hazel Driver of St. Joseph, Mo., who has been the guest of her sister and brother-in-law, Mr. and Mrs. Floyd L. Bell of the Pettingill apartments returned to her home yesterday.

Mrs. L. E. Chittenden of 6007 Pershing avenue departed yesterday for Paris, France, where she is going to do Red Cross work.

Mr. and Mrs. Marion Randolph, Leathers of 6100 Pershing avenue are receiving congratulations on the

SPANISH INFLUENZA—JUST GRIP CAMOUFLAGED UNDER A NEW NAME

Most Authorities Now Agree That This Disease Is Simply the Old-Fashioned Grip—the Same That Has Swept Over the World Times Without Number. Since 1831 the United States Has Had Five Epidemics.

Spanish influenza, which appeared in Spain in May, has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in the B. C. which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

The Last Epidemic in 1889-90 Came From Russia by Way of France and Was Given a French Name, La Grippe. This Time It Comes by Way of Spain.

THE SYMPTOMS.
Grip, or influenza as it is now called, usually begins with a chill, followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages—nose, throat and bronchial tubes—there is usually a hard cough, especially bad at night, sometimes a sore throat or hoarseness, and frequently all the appearances of a severe head cold.

THE TREATMENT.
Go to bed at the first symptoms—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza and will throw off the attack if only you conserve your strength. A little quinine, aspirin or Dover's Powders may be given by the physician's directions to allay the aching. Always call a doctor, since the chief danger of grip is in its weakening effect on the system, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear, or heart affections. For these reasons, it is very important that the patient remain in bed until his strength returns—staying in bed at least two days or more after the fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

EXTERNAL APPLICATIONS.
In order to stimulate the lining of the air passages to throw off the grip germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck as the heat of the body liberates the ingredients in the form of vapors.

These vapors, inhaled with each

breath, carry the medication directly to the parts affected. At the same time, VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

NO OCCASION FOR PANIC.
There is no occasion for panic—influenza or grip has a very low percentage of fatalities—not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in the complications arising, attacking principally, patients in a rundown condition—those who don't go to bed soon enough, or those who get up too early.

HOW TO AVOID THE DISEASE.
Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through coughing, sneezing or spitting. So avoid persons having colds, which means avoiding crowds—common drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food.

KEEP FREE FROM COLDS.
Above all avoid colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs. Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little VapoRub in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary teakettle. Fill half full of boiling water, put in a half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

NOTE: Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in

TANKS WANT 'HUSKIES, SPOILING FOR A FIGHT'

"St. Louis Needs More of Featherweights' Spirits in Her Heavyweights," Says Lieut. J. T. Rogers.

Lieut. John T. Rogers, in charge of recruiting here for the Tank Corps, said today that St. Louis needs "more of the featherweights' spirit in the heavyweights' bodies." Half of the men rejected here have been underweight, he said. The recruiting office is in the Post-Dispatch Building.

Men with special qualifications are urgently needed, particularly mechanics, cooks, wireless buzzer operators, blacksmiths and acetylene welders. Besides these are needed 1000 combat men, whom Lieut. Rogers specified as "husky bruisers, spilling for a fight, and the tougher they are, the better."

"If we could accept 16 to 18 year old kids, I would get my 2000 men in three days," Rogers said. "I have to turn down about 200 of these boys every day. One, 16 years old, who weighed about 105, 'cussed me out' yesterday because I told him he was too young."

"Of men who have no special technical knowledge, we will take those between 18 and 35 years old, weighing between 150 and 225 pounds. They will get action very soon."

Lieut. Rogers has accepted 200 men in the five days since the office was opened, and is expected to get 1800 more in the next three weeks. St. Louis has furnished a much smaller number of men to the tanks than Kansas City, and all the other large cities, and its quota is therefore large, he said.

Men who registered for the draft Sept. 12 may enlist, and men who registered previously may enter, provided they are not in Classes 1 or 5. The Tank Corps officers attend to the releases from the draft boards.

The corps has a larger percentage of commissioned officers than most branches, and promotion is rapid. Overseas service is probable at an early date.

INCREASES IN UNION ELECTRIC'S STEAM HEAT RATES SANCTIONED

New Schedule for Power Will Affect Only Large Consumers, and Will Begin Nov. 1.

Special to the Post-Dispatch.
JEFFERSON CITY, Oct. 23.—Material increases in the rates for electric energy and steam-heating service, assessed by the Union Electric Light and Power Co. of St. Louis, were sanctioned by the Public Service Commission yesterday. The rates apply only to large consumers of electric energy for motive power.

The new schedule for furnishing steam provides increases in rates on the service given all consumers who use in excess of 1000 kilowatt hours per month. Exception is made to municipalities and users of water-power under existing contracts.

The commission finds the rates to these large consumers are too low on account of the abnormal increase in the costs of coal, labor and taxes, and holds that an emergency exists requiring immediate relief by way of increased rates. The ruling also rejects the schedules issued by the company July 15, which were based on the increased cost of coal. The order allows the company to add 2 1/2 mills to each kilowatt hour (costing more than that sold as water power, or under contracts with municipalities) delivered and sold at its switchboard to customers who use in excess of 1000 kilowatt hours per month, and 5 mills in addition to its present rates for each kilowatt hour delivered and sold at the consumer's premises to the same class of customers.

The commission in its lengthy opinion sets out a schedule of what it considers reasonable and just maximum charges for furnishing steam heating. This schedule covers low pressure, high pressure and condensation charges, and varies with the extent of the service given. It will increase the revenue of the company to a large extent. The order is effective Nov. 1.

78 CITY TAX COLLECTOR'S CLERKS SUE MAY FOR PAY

They Want Compensation for the Four Days That He Was in the Office.

The suit against Sidney S. May for the salary of 78 deputy clerks in the office of the City Tax Collector was taken under advisement yesterday by Circuit Judge Klene.

May was appointed Tax Collector by Gov. Major to succeed Edmond Koeln after the controversy between Koeln and Mayor Kiel developed as to whether the collectorship was a State or city office. Koeln, who had been elected on the city ticket, maintained it was a State office, and the Supreme court sustained his contention. May served as Collector from Feb. 28, 1917, to March 3, inclusive, when Koeln again took the office.

May retained Koeln's clerks, but as he collected only \$33,624 in the four days he was in the office he did not have money to pay clerk hire after deducting \$875.74 commission for himself and paying what he was required to the State, city and school funds.

Baby Breaks Shoulder in Chair.
Mrs. Louis Grossman of Belleville, sustained a compound fracture of the shoulder by a sudden fall in a high chair. The child held the chair with each hand, and twisted to see his mother until the collar bone snapped. X-ray pictures have been taken.

Hold the Line for Democracy and Sane Legislation

TO THE VOTERS OF MISSOURI:

On the 5th of November the civilian voters of the State will be called upon to adopt or reject a proposed constitutional amendment providing for the prohibition of the "manufacture, sale, and giving away of intoxicating liquors," known as proposed Amendment No. 6.

An analysis of what this question means to the people of Missouri should be carefully considered by every voter before he casts his ballot.

Some Reasons Why Prohibition Should Be Defeated

¶ The amendment is undemocratic, and, as such, un-American, and constitutes a serious invasion of the Bill of Rights of the citizens of Missouri.

¶ It strikes down the principles of individual liberty and self-determination upon which American democracy was founded, and substitutes State control of individual habits for self-control, which develops individual character.

¶ It is insincere as a prohibition measure for the reason that it excepts liquor for "medicinal, mechanical and scientific purposes," which, as shown in other states, opens the door wide for the use of liquors to almost any extent.

¶ It is destructive and not constructive in its operation, for the reason that it involves the ruin of several hundred million dollars' worth of property and the business and livelihood of thousands of citizens, and entails the loss of immense revenue, to the State and municipalities without providing any compensation for such destruction of property, business and livelihood or any plan for replacing the revenue destroyed; nor does it accomplish the object for which it is intended.

¶ All European nations except Russia have declared against prohibition, and have regulated the liquor industry in accordance with the report of commissions appointed to study the subject.

¶ The British Liquor Control Board have declared against prohibition and in favor of liquor regulation.

¶ By wise legislation, Sweden, Norway and Denmark have, in the course of a generation or two, brought about model conditions with respect to the sale and use of beverages containing alcohol.

¶ Proposed prohibition in our country is not founded on the report or investigations of any competent commission, but is an extreme propaganda, the consequences of which cannot be foreseen.

¶ The adoption of the proposed amendment may lead to the ratification by the Legislature of the State of Missouri of the prohibition amendment to the Federal Constitution. If the voters of the State

wish to prevent the imposition of the tyranny of prohibition on the Nation they should, on November 5th next, declare themselves emphatically against prohibition in Missouri.

¶ Prohibition, both State and National, will mean the wholesale adoption of illicit distilling and home brewing, and, as stated by the Internal Revenue Commissioner, will require an army of deputies for its enforcement. The rights and privacy of the home would thereby undoubtedly be totally sacrificed.

¶ LET THE BOYS DECIDE WHEN THEY COME HOME.

¶ Will we make Missouri safe for democracy if we attempt to abridge the liberties or change by law the habits of thousands of our people without giving one hundred thousand Missourians in France (one-seventh of our voters) a voice in the matter?

¶ Is it wise to destroy vast property and business interests in the midst of war and bring about changes in a political, social and financial way, the end of which no one can foretell?

¶ The Revenue collected in the State of Missouri from the brewing and dramshop business for State purposes amounts to something over \$1,500,000.00, and for municipal and county purposes, over \$2,000,000.00.

¶ The National revenue derived from beer, wines and spirituous liquors is approximately \$500,000,000.00 per annum, which, under the proposed new Revenue Law, it is estimated will reach more than One Billion Dollars per year.

¶ If Prohibition is enacted, new and increasingly heavy taxes will have to be assessed and borne by every citizen of the State and a much greater increase in the income, estate and other taxes will have to be paid by each citizen if revenues on alcoholic beverages are no longer available to the National Government.

¶ THE LOCAL OPTION LAWS OF MISSOURI, AS ENFORCED BY OUR HIGHEST COURTS, ARE MORE EFFECTIVE, LOGICAL AND FAIR THAN STATE-WIDE PROHIBITION CAN EVER BE.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.—ADV.

All Fat People Should Know This

The world owes a debt of gratitude to the author of the new famous Marmola Prescription, and is still more indebted for the reduction of this harmless, effective obesity remedy to tablet form.

Marmola Prescription Tablets can now be obtained at all drug stores, or by writing direct to Marmola Co., 864 Woodward Ave., Detroit, Mich., and their reasonable price (75 cents for a large case) leaves no excuse for dieting or violent exercise for the reduction of the overfat body to normal proportions.—ADV.

\$6,170,000 BARGE LINE CONTRACT LET BY U. S.

McAdoo Orders 6 Steamers and 40 Steel Barges as Permanent Equipment.

From a Staff Correspondent of the Post-Dispatch.

WASHINGTON, Oct. 23.—The permanency of the St. Louis-New Orleans barge line is assured. After an all-day series of conferences between engineers and officials of the inland waterway division of the Railroad Administration, Director General McAdoo last night announced that contracts had been let for the building of the permanent equipment of the barge line.

Six steamers and 40 steel barges, it was announced, will be constructed at a total cost of \$6,170,000. Delivery of the boats is to begin two months after the receipt of the steel by the contractors and is to continue for a maximum of 12 months.

200-Foot Steamers.—Four of the six steamers are described in the specifications as tunnel-screw towboats of the following dimensions: Length over all, 200 feet; beam, 40 feet; depth, 19 feet; draft, 6 feet.

The other two will be stern-wheel towboats. Length on deck, 220 feet; length over all, 256 feet; beam, 48 feet; draft, 10 feet.

The barges are to be 230 feet long, with beam of 45 feet and depth of 11 feet.

The steamers are to be equipped with engines of 1500 horsepower. The barges are designed to carry 2000 tons of freight in eight feet of water.

Steel Believed in Sight.—Announcement of the letting of contracts was withheld pending the receipt of a priority order for the necessary steel from the War Industries Board. Though no official statement of the steel situation was made it may safely be inferred that contracts would not have been let and approved by the Director-General had not an adequate steel supply been in sight.

Steel will be procured through the Railroad Administration, which includes the division of inland waterways.

LILLE DEPUTIES WELCOME WHEN THEY TAKE THEIR SEATS

One Tells Chamber Members of the Atrocities Perpetrated by the Germans.

By the Associated Press.

PARIS, Oct. 23.—The Chamber of Deputies yesterday enthusiastically welcomed Deputies Delory and Ragheboom of Lille, returning to their seats after having been four years under domination of the Germans. Delory said:

"It is impossible to denounce all the German crimes, but the most abominable was the carrying off of women and girls of 19 and 16 by enemy soldiers, their enforced submission to medical examination and their being obliged to work under French machine-gun fire for the German army."

The Chamber shouted its indignation. One member cried: "We'll teach our children! We'll never forget." Delory resumed:

"The Lens plains are nothing but an immense area of ruins, with not one house intact. There cannot be a Frenchman who does not wish those culpable chastised."

Ragheboom told how German soldiers had insulted and violated Lille women and how they forced 15-year-old children to work for them.

SHIPYARDS, SHORT OF HELP, TO SHARE STEEL ALLOTMENT

Schwab Says 150,000 Skilled Men Are Needed and 100,000 Tons of Steel Can Be Spared Weekly.

By the Associated Press.

PHILADELPHIA, Oct. 23.—From 10,000 to 15,000 tons of steel allotted to shipyards will be released each week for other war industries, it is announced by Charles M. Schwab, Director-General of the Emergency Fleet Corporation, after a conference with representatives of all the steel shipyards of the East.

The 50,000 tons a week assigned to shipbuilding, it was said, proved to be beyond the needs of the plants, operating with a shortage of labor.

"My next problem," said Schwab, "is to get 150,000 more trained ship workmen. The shortage exists in all yards."

WILSON AUTHORIZES BUREAU TO SUPPLY SCHOOL TEACHERS

It Is Estimated That There Are 30,000 Instructors Needed Throughout Country.

By the Associated Press.

WASHINGTON, Oct. 23.—President Wilson has authorized the establishment by the United States Bureau of Education of a teachers' agency to be known as a school board service section, to meet the shortage of instructors in schools and colleges, estimated as reaching 30,000.

The purpose of the section, it is announced, will be to assist in finding teachers for colleges, normal and technical schools, superintendents and principals of schools and teachers and supervisors of special subjects in secondary and elementary schools.

The Brunswick Brings ALL Artists Because It Plays ALL Records

So ALL artists—ALL instrumental soloists and orchestras—ALL bands—ALL popular songs of the day—ALL dance records—all the world of music at your command—without restriction—when you play The Brunswick.

At a turn of the hand you adapt the Ultona to any type of record. A child can do it. It is practically automatic.

Now your library of records can be bought according to your favorites. For instance, each record maker has a famous tenor. On a one-record instrument you are confined to one. Others are barred. And who likes to be restricted? Who wants to be confined to buying from only one catalog, when there are several from which to choose?

The Ultona is the greatest feature offered any music-lover. And it is obtainable solely on the new Brunswick.

Another vast improvement in tone projection comes in the all-wood Tone Amplifier, built like a violin. All metal construction is avoided, thus breaking away from the usual custom.

Hear your favorite records on The Brunswick. Then make your decision.

YOUR DUTY TO BE ATTRACTIVE

Have Pretty Dark Hair

"La Creole" Hair Dressing is the original hair color restorer, and not a dye. Applying it to your hair and scalp revives the color glands of nature, and restores your hair to a beautiful dark shade or to its natural color. It is the only hair color restorer that will gradually darken all your gray or faded hair in this way. No matter how gray, prematurely gray, faded or lusterless your hair might be, "La Creole" Hair Dressing will make it beautifully dark, soft and lustrous. "La Creole" Hair Dressing will not stain the scalp, wash or rub off, and is easily applied by simply combing or brushing through the hair. Don't be misled into buying some cheap preparation.

USE "LA CREOLE" HAIR DRESSING for gray or faded hair and retain the appearance of youth. Also used by gentlemen to impart an even dark color to their gray hair, beard or mustache. For sale by Wolff-Wilson Drug Stores, Judge & Dolph Drug Stores and all good drug stores everywhere. Orders from out-of-town customers filled promptly upon receipt of regular price, \$1.25.—ADVERT.

All those who long to wear our country's coat must seriously search their hearts today. If they are fit and somehow free to fight, with the education and spirit demanded in leaders of men, our country needs them—needs them now. They are needed for the latest and most terrible weapon of them all. They are needed for the tanks—for the tanks that are the unfailing reliance of the host of Right against the horde of the Hun. There is no service greater or more glorious than theirs. They break the deep lines of the cunning foe, they destroy his murderous machine gun nests, they save by thousands the lives of those who follow with the decisive bayonet. They are at once a tremendous battering-ram for our armies and their surest shield. The insignia of the tank corps are symbols of glory and daring outranked by none. Not even the aviator's wings can outshine the splendor of their fame today or the honor they will bestow in after years upon their wearers. The opportunity to have them on the collar of our country's coat has been seized by many. Especially have mechanics and engineers offered themselves to guide and maintain the three hundred horse that charge within a single tank. The need for others is great—the need for lieutenants, sergeants and captains—to command and direct the tanks is also urgent. If you have the education and experience, the mind and body and spirit, needed in leaders, come forward. Through your draft board we can permit you to enlist today. You can be commissioned in a month, and be overseas in sixty days. In no branch of the service can you more speedily get into the battle, in no fighting branch can you win a commission more swiftly, in none is there greater need for Men today.

Lieutenant John T. Rogers, Recruiting Office Tank Corps

THE BOARD OF PUBLIC SERVICE HAS appointed Col. John A. Dickerson, a member of the Missouri River Commission, to succeed Charles H. Hitt as a member of the City Plan Commission. Col. Dickerson was selected because of his intimate knowledge of wharf and dock conditions.

POLICE ITEMS

JOSEPH M. McNEIL, 40 YEARS OLD, a salesman, of 1912 De Soto avenue, was found guilty of forgery, yesterday, and sentenced to two years in prison. He passed a fictitious check for \$50 on D. C. O. Decker, 3505 Labadie avenue.

TWO SMOKESTACKS, ONE 40 FEET long and 30 inches in diameter, and the other 12 feet long, and completely covered with weighing scale, were among the articles recovered stolen yesterday. The smokestacks were taken down and carted away from a building at 4145 Eastman avenue. The scale was valued at \$750, was taken from the plant of the Princeton and the Missouri Pacific railroad tracks.

MRS. MARGARET EWING, WIFE OF Martin Ewing, manager of a saloon at 1912 Madison street, was in charge of the bar last night when a robber walked in and compelled her to take against a wall while he helped himself to \$25 in the cash register.

SINGLINGTON TIPS A NEGRO, of 3225 Maeder street, who accused from the city hospital last March, whence he had been taken from the city workhouse while serving a term for burglary, was arrested at St. Louis, and taken to the workhouse. He will be returned to the workhouse.

THE APARTMENT OF WILLIAM G. TIBB, 2555 Washington boulevard, was turned top-to-bottom by burglars last night. The family is visiting in Tennessee.

TWO ROBBERS WHO ATTEMPTED TO hold up William Dammann, 16 years old, of 3225 Terry avenue, who disappeared from the Central 20, and Thomas Baker, 11, 2384 A Wash street, who disappeared the same day.

POLICE HAVE BEEN ASKED TO search for Edith Whitcomb, 16 years old, of 3225 Terry avenue, who disappeared from the Central 20, and Thomas Baker, 11, 2384 A Wash street, who disappeared the same day.

A DOZEN POLICEMEN ANSWERING A "burglar" call from residents near the Missouri Packing Co.'s plant, 2714 Franklin avenue, at 2 a. m. today, surrounded the place and took this custody the Seven-year-old boy who had come from the Missouri Packing Co.'s plant, in an automobile truck in the rear window found a large number of articles belonging to the boys' property in the car.

MABEL ROBERTS, 2041 FRANKLIN avenue, and Pearl Murphy, 2022 Madison street, were arrested yesterday at a store, 210 Washington boulevard, who accused them of taking the money from the store.

MISCELLANEOUS

MISS HANNAH LONG, 67 YEARS OLD, of 112 South Seventh street, suffered a fatal stroke and died last night when struck by an automobile driven by Edw. J. Lewis, 4405 Forest Park boulevard, at 2 a. m. today. She was taken to the St. Louis Hospital, where she died.

ALLEN TRAIL, 60 YEARS OLD, former secretary of the Missouri Glass Co., died yesterday at his home, 2714 Franklin avenue, after an illness of two years. He served in the Quartermaster's Department of the army during the Civil War and came home in 1865.

NAOMI STEPHENS, 5 YEARS OLD, daughter of Bert Stephens, 1120 Graham street, was yesterday taken to the St. Louis Hospital, where she died. She was taken to the hospital after a fall from the top of a building, 1120 Graham street, where she was playing.

ADOLPH STEINLE, OF 61 SOUTH Broadway, has been commissioned a Second Lieutenant in the Quartermaster's Department. He is at Camp Hancock, Augusta, Ga.

UNIFORM SYSTEM OF HANDLING BAGGAGE IN EFFECT DEC. 1

Commercial Travelers Will Be Permitted to Check Grips to Points Short of Final Destination.

On Dec. 1, Director-General McAdoo will make effective uniform rates, rules and regulations for checking and handling baggage.

No change has been made in the excess baggage rate, free allowance of 150 pounds, the maximum weight per piece, nor the maximum dimensions of baggage. A convenience for commercial travelers will permit checking of baggage on one-way tickets to a point short of final destination. Baby carriages, go-carts and bicycles will be checked in baggage service at a nominal charge as heretofore. Invalid chairs will be checked free.

Provision has been made to handle in baggage service such articles as adding machines, cash registers, computing scales, talking machines, baseball and other sports paraphernalia, guns, etc., rules for the transportation of which have not been uniform throughout the country heretofore.

Corpses will be checked as heretofore on the payment of one first-class passenger fare. Reasonable arrangements have been made for the transportation of dogs. It is suggested that every piece be marked with the name and address of the owner.

A TIMELY WARNING

The worst epidemic ever known, is now raging in this country. Everyone should guard against influenza as many deaths are reported daily. Symptoms of influenza which usually appear before the victim is stricken are explained with influenza special, and full directions for treatment. Don't delay. Get a package of influenza special from our druglet today, and be prepared against this epidemic.—Adv.

U. S. BUYS MOTOR EQUIPMENT

By the Associated Press. WASHINGTON, Oct. 22.—To supply the requirements of the recently organized motor transport corps, the War Department today announced that contracts have been let for motor equipment, including trucks, tractors, passenger cars and motor cycles amounting to approximately \$150,000,000. The order is the largest ever issued by the Government for such equipment.

Premier Unable to Save Suspects From Execution by Peters' Commission, Stockholm Reports.

By the Associated Press. STOCKHOLM, Oct. 23.—The clash of authority between the counter revolutionary commissions of Russia and central and local Soviet organizations has become serious, according to travelers. M. Peters, head of the Commission to Suppress Counter Revolution, has become more powerful than the

national councils. Even Lenine was unable to save men executed by the Peters commission. The Red Terror, spread from Moscow, has become a monster, which Lenine cannot control.

The counter revolutionary commission's chiefs in the smaller cities are equally merciless, giving accused persons no chance, executing political suspects without reference to other Government organs.

The National Commissary of Justice is endeavoring to have the Counter Revolutionary Commission placed under his authority, but they resist.

I know that my retirement will make no difference in its cardinal principles, that it will always fight for progress and reform, never tolerate injustice or corruption, always fight demagogues of all parties, never belong to any party, always oppose privileged classes and public plunderers, never lack sympathy with the poor, always remain devoted to the public welfare, never be misled with merely printing news, always be drastically independent, never be afraid to attack wrong, whether by predatory plutocracy or predatory poverty.

LETTERS FROM THE PEOPLE.

The "Food for France" Fund.

To the Editor of the Post-Dispatch.
Will you please help us?
When I left America this last time I have crossed the Atlantic Ocean 23 times since war began—there were people saying "surely all needs in France must now be taken care of."

For four weeks I have been traveling through the center and south of France. The military hospitals contain a heart-wrenching number of men who need much more nourishment than they are getting. They cannot have it unless you give it to them.

There are tens of thousands of war orphans and sick civilians who have not food enough.

The Service de Santé—the great national Board of Health of the French nation, through whom we make our contributions, says it never needed our help so much as now. Help us to help the hungry.

Send your contribution—however small it will help—to Mr. Alexander J. Hemphill, Guaranty Trust Co., 140 Broadway, New York.

We pay no salaries and no expenses. All that you give goes to buy food for the sick and suffering.

Thank you for them.

Smilage Books for Soldiers.

To the Editor of the Post-Dispatch.
I would like to tell your readers through your paper of a way to give pleasure to our soldier boys. I have made a smilage book for my husband by cut-tink jokes and verses from newspapers and pasting them in a book which I bought for 10 cents at a 5c-and-10c store.

And I think it would be a nice pastime for both old and young to make these books and send them to our boys. Perhaps the Red Cross or Y. M. C. A. would help us by distributing these books among our boys. I liked my pastime so well I intend to make at least 20 such books for the benefit of some of our boys, as I know they will enjoy them. My first book, which I have just finished, goes to my husband who is "over there" somewhere in France.

I hope that the boys may receive some of these books through the kind readers of the Post-Dispatch, for the happiness of our brave boys.

Music for the Boys at Front.

To the Editor of the Post-Dispatch.

My! My! But some people are slow.

Jacob Raizer is going to waste eight good weeks in getting information; meanwhile others have acted. The morning after the letter from Private Otto Buschberger, Convalescent Camp No. 2, E. F. American P. O. No. 767, appeared in the Post-Dispatch we sent 10 pieces of the latest music. This will reach him and will be well worn by the time a reply to a letter of inquiry will reach him. Remember, it takes four weeks for mail to reach our boys and the same time to receive a reply.

GUSSE BALDWIN.

Fly Italian Flags.

To the Editor of the Post-Dispatch.

I notice there have been a considerable number of complaints lately, made through the papers, regarding the sparse display of Italian flags, and it would seem to me that the dissatisfaction expressed is not without ground.

I was surprised and disappointed to observe that there was little if any perceptible increase in this display of flags during the visit of the Italian soldiers' heroes. I was particularly amazed to find that even at the hotel where these gallant men were being entertained, not a single flag was on display outside.

They are here to help our cause, and the least we should do is to show them every outward sign of respect, in order that they may know, unmistakably, that we are with them heart and soul, as well as with their country, whose glory and achievement in this war is surpassed by none, not even our other great allies, England, France, Belgium, etc.

We have been remiss in our duty. Wake up, St. Louis, wake up.

BENJAMIN GARAVELLI.

Beware of Raw Mornings.

To the Editor of the Post-Dispatch.

I saw an article in last evening's Post-Dispatch written by N. S. Wood, which suggested that Pershing send the names of every soldier and those whose homes which are too poor to send a Christmas box to be distributed to persons who will volunteer to be Santa Claus. I will gladly take a dozen names and send boxes to these poor boys and I am sure everybody would do their part. This is very important and should be kept before the interest of the authorities. This is a matter to be taken up and pushed quickly.

THE GERMAN TERROR.

The report that German land owners, bankers and merchants are agreed that Germany must have peace at any cost, even the throwing over of the Kaiser and the militarists, is deeply significant and important, if true.

The Junkers and the business men have been the main support of imperialism and militarism with its vast scheme of conquest and trade expansion. They have backed pan-Germanism and the glittering combination of the soldier and the salesman. Their defection to the peace and reform party would seal the doom of the autocracy.

Fear of a revolution and the rise of Bolshevism in Germany is said to be the impelling motive of the German land and commercial elements. This is the terror that grips the heart of the ruling class in Germany. What will follow complete collapse of Kaiserism, coupled with utter defeat? This doubtless accounts for concessions of parliamentary control while peace maneuvers to save military prestige proceed.

The union of land and business interests for peace to avoid a revolution makes the peace offensive of the German Government the more dangerous because of the sympathy of powerful elements in the allied nations with the German fear and the German eagerness to have modified parliamentary reform in order to avert social revolution.

The situation should hasten the right kind of peace. It should impel the Germans to lay down their arms and accept the peace of justice and liberty offered them. The sooner they accept unconditionally the better the result.

On the other hand, it should restrain the allied peoples from accepting any other than the right kind of peace—a peace which involves the complete overthrow of Kaiserism and militarism and establishes the foundation of justice and liberty and good will.

In order to attain this peace it is necessary that German armies surrender and thus assure the downfall of military despotism and that we and our allies enforce just terms involving equitable reparations, but avoiding crushing burdens or conditions which will hinder the free political and prosperous material development of Germany.

Apparently President Wilson will follow the course which the Post-Dispatch suggested would be wise and logical and in accord with his program. He will refer the Germans to the Allied War Council for conditions of an armistice with assurance of justice.

The report of Prince Max's announcement that constitutional changes depriving the Kaiser of power would not go into effect until a league of nations is formed, precludes the possibility of any other peace move.

The military situation dominates. We must maintain military supremacy, but, on the other hand, we must use that supremacy only to obtain satisfactory conditions founded upon equity and good will.

More war is the answer to every move of Germany that does not assure the ends of justice and liberty we are seeking.

No peace without freedom for the Czech-Slovaks.

A QUEER POLICE MESS.

The reasons alleged for the suspension of the Chief of Police, two Captains and three Sergeants on secret charges is that the police harassed keepers of disorderly houses who were wanted by Federal Government agents as witnesses in the Wecke case.

This, if true, is a queer mess. It is the duty of the police not only to harass, but to close disorderly houses, arrest and punish their keepers. If the police are forbidden to do this on the ground that these women must be protected as witnesses in a Federal case what becomes of the law? Surely Federal law officers are not protecting keepers of disorderly houses in their immoral business. A strange role for agents of the Federal courts!

The Federal Government should be able to find means of retaining their witnesses other than protecting disorderly houses from police action. If the police knew of these houses why were they being conducted?

"Did we ever say that?"
"What the war is for," and he proceeded to explain that it was to enable Germany to control the channel, to add the Belgian Netherlands to the Fatherland and to do with Luxembourg what had been done with Alsace-Lorraine. In other words, to put scraps of paper in the fire, and to treat countries and people like farms and cattle. "Never," he wound up emphatically, "was a war more just; it will conquer new provinces for the majesty of the noble German spirit!" Tempora mutantur, however, in the words of the ancient Latin proverb. And so, in the year 1918, when an enraged world was beginning to bundle Germany across her own frontiers, entirely unceremoniously, Herr Harden had a change of heart. It can hardly be realized that the Zokert, which barely four years before had declared that the war was the justest possible, and was intended, amongst other things, to embody Belgium in the German Empire, had at last discovered that "international law forbids Germany to retain even one pebble of Belgian streets, and commands Germany to restore Belgium to the conditions before invasion."

Belgium, as a Chancellor, as a State Secretary and an Ambassador have confessed, an innocent victim of German self-defense? Then we have to ask its forgiveness and not force conditions upon it. Ask its forgiveness for waging the most just war that ever was waged? Ask its forgiveness for adding it to a Fatherland which needs "land for our industries, and a road to the ocean?" Curious, is it not? And this in the name of international law which only in December, 1914, dictated that Germany should "remain in the Belgian Netherlands, to which we shall add the thin strip of coast up to the rear of Calais." What, it may be asked, had made the Jekyll of 1914 into the Hyde of 1918? The answer is perfectly simple—the sword of the allied Powers and the exigencies of the imperial Government of Germany. Jekyll was Hyde in 1914 because it was the policy of the Wilhelmstrasse, but Hyde was Jekyll in 1918 because Marshal Foch was repeating Jena in Flanders, and the policy of the Wilhelmstrasse had changed accordingly.

And so today the conversion of Hyde is almost complete. For Hyde, who was once the defender of the justest of wars for the purpose of tearing up scraps of paper, is today the Jekyll who discovers that the time has passed when a treaty can be regarded as a "scrap of paper."

That is unquestionably so. And that being so, it would be perhaps as well that Herr Maximilian Harden should dispirit with his olive branch from the orbit of the last German peace drive.

Though Col. Roosevelt affects to regard them as "high sounding phrases of muddy meaning," these 14 principles essential to peace are not so muddy as to be misunderstood by the Huns, whose grasp of them is improving every day.

HERR HARDEN'S CONVERSION.

From the Christian Science Monitor.

It is as well to look into Herr Harden's record during the war, and to see how it is that a Government which has known how to silence a Liebknecht, for speaking from a barrel in the Potsdamer-Platz, has permitted a Harden the liberty of the press. In December, 1914, when the flag of Kultur appeared, to the superficial, to be climbing to the masthead of the world, Maximilian Harden was the very apostle, not merely of Germany's place in the sun, but of Germany's right to the whole sunlight. "Now we know," he wrote ecstatically, "what the war is for," and he proceeded to explain that it was to enable Germany to control the channel, to add the Belgian Netherlands to the Fatherland and to do with Luxembourg what had been done with Alsace-Lorraine. In other words, to put scraps of paper in the fire, and to treat countries and people like farms and cattle. "Never," he wound up emphatically, "was a war more just; it will conquer new provinces for the majesty of the noble German spirit!" AUTUMN.

Rose and lavender, touched of gold
And shot of crimson, with silver stars
Woven amidst it, and the touch of death
Upon the valley where the grey mists hang,
And the night's first shades
Lie down to rest.

Golden, the touch of that hand
Which writes death upon the day,
Purple shadows hang among
The golden leaves that whisper
Dead memories—downward drifting
Like little dead voices calling.

Lingeringly the leaves fall, gaspingly
Falling beneath the barren branch
Which is no more, they lie like my dead
yesterday,
Whispering in vague tones,
Stirring with little throaty sounds
Which prick me with weeping.

DIALOGUES IN DOLOIR.

III.

"The Kaiser and Admiral von Tirpitz are speaking."

"Well, Von, it looks as if about all the submarine did for us was to bring America into the war."

"I'm afraid so, All-Highest. It has been a great surprise to me."

"No doubt, I wish you had that proposal to make again."

"I wish I did, too."

"You were a great dreamer, Von."

"Wasn't I, though? I thought the U-boats would settle the thing."

"You don't figure on the other fellows doing anything about it."

"I don't know. The rest of you had stuffed me with the idea that the British were a lot of landlubbers and could be chased off the sea by anything that showed fight."

"Of course you did. You used to drink toasts to the day when we would get at them, and we dattered one another until we believed we were it."

"Yes, we knew better now."

"It was the depth bomb did for us, wasn't it?"

"I think so. Most of the U-boats never came back to tell what did happen there."

"How many have we lost?"

"I don't know. The British will tell us after the war."

"Gott strafe the British!"

"Yes, Gott strafe the British! Only He isn't doing anything about it."

"I'm done with Him."

"I should think you would be. However, you haven't anything on Him. He was done with you first."

"It seems so. We have no friends, Von."

"Well, we didn't count on having very many."

"No, we burned our bridges behind us in that respect."

"We sure did. You know we used to think we wouldn't need any. I wish we had it to do all over again. All-Highest."

"We haven't though."

"No. Only one can't help thinking how many mistakes we could avoid."

"I suppose you wouldn't build any U-boats."

"No, I would have a nice little farm some place and raise U-zoos."

"I think I would do something of that kind, too."

"You have a good chance now to raise coconuts on some tropical island, I imagine."

"Maybe so. Anyway, let's have a drink."

"All right, All-Highest. Only let's not say anything about der tag."

"Nothing about der tag."

"(They both drink, looking long and sorrowfully into their glasses. What do you suggest?)"

"The Germans used to think it a fair commentary upon the courage of some of their enemies that the latter were sometimes compelled to seek refuge beyond the Dutch border, but we notice that the Germans are availing themselves of that same refuge now about as fast as they can skedaddle."

"Doubtless Germany would disappoint a good many of her own people by surrendering now, but their disappointment would be a patchen to that of the American soldiers who have not yet gotten to the front."

"The first thing we know the Turk will be claiming that he is the world's greatest humanitarian."

Views on Peace Exchanges as Expressed by German Papers

By the Associated Press.

AMSTERDAM, Oct. 23.—Admitting that under modern conditions defensive warfare on the German frontiers would be involving great dangers, the Frankfort Gazette says that even the most careful defense on the western front will entail big losses.

It is not to Germany's interests, the German newspaper says, to make a defensive retreat from Belgium.

"We recognize the movement of popularizing the Government after the example of 1813 has preceded in continual waves since August, 1914, and is still proceeding," the Gazette continues.

"Despite this we are convinced that Germany would submit to oppressive conditions, which, perhaps, not President Wilson but the Entente Generals desire, only if our armies were physically unable to avert this submission without incurring still greater mishap."

Wolff Sees More Fighting.

Theodore Wolff, in the Tagblatt of Berlin, says that great difficulties will be caused if President Wilson or the allies refuse to negotiate for an armistice as proposed by Germany.

"In Paris, New York and London, there is now talk about military necessity," Wolff continued.

"We won't deny our own political aims spoke with violence in the same strain when they thought possession of Paris was in sight."

The article concludes:

"Should President Wilson demand the impossible, we must reckon with a continuation of the war."

Editors Assail Hohenzollerns.

GENEVA, Oct. 23.—Peace must not be delayed a single day on account of the Hohenzollerns, if they are an obstacle to it, declares the Volksfreund of Karlsruhe, which also is permitted to speak of the belief of the Emperor was chosen to rule by divine right.

The Schwabische Tag Wacht says that everybody is now convinced the allies will not accord Germany a cheap peace, "but if the glory and power of imperial Germany is the price the German people are ready to pay."

In permitting such items to leave Germany the German censorship apparently is preparing public opinion for coming events.

GERMAN REPUBLIC DEMANDED BY SOCIALISTS IN PRUSSIA

Independents Welcome Liberated Reichstag Member and Call for Complete Political Amnesty.

By the Associated Press.

AMSTERDAM, Tuesday, Oct. 22.—Independent Socialists at Solingen, Rhineland Prussia, welcomed Wilhelm Dittmann, a member of the Reichstag, who has been released from prison, where he was under sentence for inciting to high treason. They unanimously adopted a resolution demanding the immediate release of Dr. Karl Liebknecht, former member of the Reichstag, and a president of the establishment of a Socialist republic, according to the Frankfort Gazette.

The meeting, which was attended by several thousand independent Socialists, sent greetings to the Soviet Government of Russia, it is said.

A dispatch from Paris, Aug. 10, said Dr. Liebknecht, who was arrested in connection with the May day demonstrations in Berlin in 1916, had been liberated. He was said to be suffering from tuberculosis. This dispatch, however, was not confirmed.

On leaving Washington with the delegates Prime Minister Masaryk referred to the document to be signed by the delegates as one signed by a trust will go down in the history of the oppressed nations of Europe.

"We consider it an honor," he added, "and a singular privilege that as conference, based as they will be on the principles of self-determination and co-operation among all groups against Teutonic aggression, may be carried on under the roof where the American Declaration of Independence was drafted and published. We shall do our work under the shadow of a great tradition."

THE conversation at a social affair turned to the importance of being on the safe side, when the following anecdote was contributed by Congressman Joseph V. Fordney of Michigan:

Recently little Willie's grandmother came from an adjacent town for a few days' visit, and while the good woman was sitting on the veranda one afternoon Willie approached with a questioning expression.

"Grandma," said he, "can you crack nuts by biting them?"

"Not any more, Willie," answered grandmother. "I lost all my teeth several years ago."

"Fine!" rejoined Willie, with a look of relief as he handed her a handful of walnuts. "Hold these, please, while I go and get some more."

ACT LIKE ELECTRIC BUTTONS ON TOES

Tells why a corn is so painful and says cutting makes them grow.

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of Freezone. This will cost very little, but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug is harmless and never inflames or even irritates the surrounding tissue or skin.—ADV.

WASHINGTON, Oct. 22.—President Wilson regards Germany as a final offer to the American position, no more notes dealing with the man request for an armistice was learned today from an official in the administration who interprets the President's view.

In effect, as this official said, "Foch" had he used words it might have been ignoring the other allies, consequently to America's suggestion that, in order to go further negotiations—not the question of armistice be placed before the President to draw up the necessary terms.

Nothing is said of these military leaders of the German army, they, the allied General staffs—such "insure to the association the unrestrictive safeguard and enforce the peace to which the armistice has agreed."

Foch is General. And again there condition provided tary advisers) deem (ice possible from a of view. Foch is the alism. He will bring decision.

The note bears on pretation that the said, as the great mican people wanted respect to the German a truce, "it's up to Two clear roads a many. She may eit military masters and with clean hands, in President can deal representatives of the pie" in negotiations but, if Germany take keeping her nonan in the saddle, the wa till her final and render.

The President is le only to the immed only to the milita Germany that is not the formation of a that will insure the of the world. He ha man people a way b hope for admission.
